

Dear Taos Academy Students and Families -

Happy New Year! We are so happy to start our spring semester together with you all! As we begin, please be sure to reach out to TA staff and teachers for extra help if needed. We are here to support the success of each and every student to the very best of our ability. Thank you all for being part of our school. Thanks to everyone's hard work, we had a very successful fall semester - take a look to check out some of our students' successes and take a moment to celebrate!

TA Community School Update

Families are invited to attend TA Community Council meetings to learn about our Community School, Parent Advisory, and Equity Council. You may attend in person or with the google meet. Training for parents is offered at the beginning of the meeting starting at 4:15 from TA teachers. Your children are welcome to attend with you. If they are students, they may participate in the meeting, work on Edgenuity, or use a computer for an educational game. *** Starting in our January meeting we will offer STEAM-based education in collaboration with TWIRL for children ages 3-10 to participate in during the meeting. Contact Lisa Joseph, Community School Coordinator at ljoseph@taosacademy.org to have your child participate in this exciting program.

Look for the January 31st meeting agenda to be distributed before the meeting. Review the minutes from the last meeting at the end of this newsletter

New Special Education Families: Please contact Sarah Bradley to ensure we have a current IEP & Evaluation paperwork for your child. As these materials are received, we will be developing a Transfer IEP and contacting you to set up the meeting. Thank you for your support & welcome to Taos Academy!

Returning Special Education Families: If you did not meet this fall please look out for an email as we get in touch to schedule your annual IEP for this spring. The Special Education team looks forward to continuing to work with you and your child!

Please make sure you can access your Taos Academy parent email as we use the TA parent email to schedule IEPs and keep in contact with you.

Thank you from your Taos Academy Special Education Team: Sarah Bradley, Special Education Director, Jeanette Henshaw, Special Education Coordinator and Special Education Teachers Tom Duke, Ben Mortensen, David Thibadeau, January Sadler, and Megan Tanner

Welcome back! Attached at the bottom of this newsletter are the course descriptions for the upcoming STEM classes. Registration begins January 15th and classes will begin January 22nd. Class fees are due upon registration. No registrations will be accepted prior to the registration date. Please review course listings for more information. For questions please contact [Jamie Lucero-Martinez](mailto:jlucero-martinez@taosacademy.org) jlucero-martinez@taosacademy.org

Attention Seniors and Senior Families: The deadline to order graduation ceremony regalia has passed. Please place your order no later than Monday, January 15th, 2024. Only the Cap and gown unit is required. The approximate cost is \$50. This includes a mortar board cap, tassel with year, black matte gown, and school medallion. You may place your order online at www.jostens.com. If you have any questions please contact Mrs. [Jamie Lucero-Martinez](mailto:jlucero-martinez@taosacademy.org) .

School Counseling Office Updates

Welcome to Spring semester! We were happy to meet so many students and parents last semester and invite you to reach out and let us know how we can help your student on their academic journey. January is a great time for all students to think about their goals for the semester: academic, social-emotional and future college/career focused. You can visit the School Counseling page on the TA website under "Contact Us". We will share a lot of useful information for all students but especially our seniors with updated graduation, college/career and scholarship information. Reach out to either Angelina or Melissa with any questions or concerns you have related to Academic, Social-Emotional and College/Career Planning.

Senior Checklist

- Graduation Requirements**–Review your Semester 1 transcript and grades from Fall 2023. Confirm with your advisory teacher and/or School Counselor that you will have all the credits you need to graduate in May.
- Apply for Scholarships!** [Scholarship Information](#)
- Complete your FAFSA**–Go to the Free Application for Federal Student Aid, FAFSA, and fill out the application for the upcoming Fall 2024-25 college year. This is required for all 2024-2025 college students, and it is a free application. Please fill it out whether you have decided to attend college next Fall or not. Priority for financial aid is given on a first come basis. Please do not delay. If you need help filling out this application please reach out to the school counselors at TA <https://studentaid.gov/h/apply-for-aid/fafsa>
- College Admissions**
 - Check the application deadlines for college admissions applications and scholarships, add them to your calendar, and plan a timeline for completing the applications.
 - Ask teachers and other school staff for letters of recommendation. Make sure to ask 2-3 weeks before any deadlines.
 - Hunt for scholarship opportunities on the web. Check the TA school counseling page for local scholarship opportunities.
 - Draft essays needed for scholarship and college applications. Ask for help improving/editing these essays.
 - Complete applications a couple days before any deadlines so that you give yourself plenty of time to fix any issues that could come up with your application.
- Career Planning**–If you do not plan on attending college and have another plan such as joining the Military, Peace Corps or taking a gap year, please check in with your school counselor as well, so that you will have everything you need for that next step.
- Visit with the school counseling office**– For any college/career planning help stop by our office or send us an email. We are here to help make your next steps after graduation as easy as possible.
- Soak it up:** Make sure you find time to enjoy your last semester of High School. Join a club or volunteer for something you’ve always wanted to try. Take time to savor the memories you have had and make new ones.

- 1/8 - Governing Council Meeting
- 1/9 - Teacher In-Service (No School)
- 1/10 - 1/12 Winter Activity Days
- 1/15 - In School MLK Day Observance

February

At a Glance

- 2/12 - Governing Council Meeting
- 2/16 - Teacher Inservice (No School)
- 2/28 - Parent Advisory
- 2/29 - In School President's Day Observance

- **Music Appreciation and Theory Group1**— taught by Rachel Leon— **Tuesdays and Thursdays 12:30-2:15.** Students will learn about scales, keys, types of chords, music theory, etc. This class will focus on the progression of music and influences on culture. We will also focus on proper techniques. Students must choose an instrument. Please ask about the instrument loaner program.
- **Culinary Arts** —taught by Claudia Abeyta— **Tuesdays and Thursdays 12:30-2:15** Class is an experiential class where students learn how to combine flavors and ingredients in order to fully express their creativity. We will focus on technical skills and foundational techniques throughout the class to help you become a truly great chef.
- **Electronics and Programming** - Taught by Bill Hood - **Tuesdays and Thursdays 12:30-2:15** Students will become familiar with constructing their own circuits! We introduce programming to the very circuits the students have created. This is a preparatory course and prerequisite for Unity.
- **Science Explorations** - taught by Laura Tenorio - **Tuesdays and Thursdays 2:15-4:00.** Can a drinking straw save the world? Learn skills and ways to apply Science, Technology, Engineering and Math (STEM) to real-life situations. Make your own solutions to community problems, and learn about STEM careers using drones, straws, and anything we can get our hands on to make STEM come alive!
- **Art in Nature** - taught by Delilah Duran - **Tuesdays and Thursdays 2:15 - 4:00.** This class invites students to explore elements of art found in the natural world. This will be explored through sketching and painting. No previous art experience required.
- **Music Appreciation and Theory Group 2** – taught by Rachel Leon— **Tuesdays and Thursdays 2:15 - 4:00.** Students will learn about scales, keys, types of chords, music theory, etc. This class will focus on the progression of music and influences on culture. We will also focus on proper techniques. Students must have previously taken a music class at TA or have instructor approval. Please ask about the instrument loaner program.
- **Theatre**- taught by John Biscello-**Tuesdays and Thursdays 2:15 - 4:00.** Enter the marvelous multi-verse of acting and drama, and bring to life the characters that live inside you. Through a variety of dramatic games, exercises, improv and movement, develop your performing skills while working with an ensemble in staging skits, scenes and short plays. A range of styles and genres, from comedy, tragedy, mystery, sci-fi, satire, and more, will be the mash-up ingredients in our creation of live theater...all you need to bring is a sense of play and the spirit of imagination.

Middle School 2nd Quarter STEM + Art Institute: Second quarter STEM offerings will be available for registration beginning January 15, 2024. All classes are 0.25 elective credit and grades are posted on transcripts. All classes follow Taos Academy policies. Last Day to drop a class is January 31st, 2024 and must be done in writing to Ms. Jamie Lucero-Martinez -no exceptions. jlucero-martinez@taosacademy.org **ALL registration must be done in the STEM Office with Cruz Duran. Materials fees will be \$10 for all courses. Fee payment is required for registration.** This will assist in covering some materials cost for classes or help repair borrowed equipment. Space is limited. ***If a course is dropped by the student a fee credit will be given towards another course. No Refunds.***

REMINDER: MS Students may not take the same course consecutively. Students wanting to repeat a course will be placed on the waitlist until after the first day of classes. If there is room in the class after the first day then students on the waitlist will be added based on the order they signed up. No changes will be made after the drop date.

*STEM Instructors may drop students for low participation with two written notices to parents/students. No instructor initiated student drops will be made after February 9th, 2024. **No fee credit toward future courses.**

January 23 - March 7, 2024

High School STEM+Arts Institute Classes Spring 2024

- **Music Performance and Theory** – taught by Rachel Leon– **Monday 12:30-4:00**. Students will learn about scales, keys, types of chords, music theory, etc. This class will focus on the progression of music and influences on culture. We will also focus on proper techniques. Provide venue and space for experienced older music students to increase their knowledge and continue to develop instrumental and vocal techniques/skills. Provide opportunities for performance and explore careers in music. Students must choose an instrument. Please ask about the instrument loaner program.
- **Introduction to Video Production**–taught by Laura Tenorio **Monday 12:30 - 4:00**. -Students learn basic film production skills - storyboarding, lighting, camera angles, and basic editing. This is a practical, hands-on approach to television and film production. Students will work to combine all these elements to create a completed project.
- **Mixed Media Art** - taught by Kathleen Woodall - **Monday 12:30 - 4:00**. As the Maker, you can use all kinds of surfaces, materials, tools and ideas. Because I do Mixed Media art, and teach it, I have ways of sharing the skills for various media if you need help resolving an issue. In the class we explore through a practice “recipe”, then You choose how to express that medium. Deeper, bigger projects can evolve along the way using materials such as collage scraps, found objects, pure drawing, paint, photos, relief or sculpture-even installation. (simple, complex, experienced, new -all students welcome)
- **Culinary Arts** - taught by Claudia Abeyta– **Wednesdays 12:30 - 4:00**. Class is an experiential class where students learn how to combine flavors and ingredients in order to fully express their creativity. We will focus on technical skills and foundational techniques throughout the class to help you become a truly great chef.
- **STEM Research and Development** - taught by Laura Tenorio - **Wednesdays 12:30-4:00**. Can a drinking straw save the world? Learn skills and ways to apply Science, Technology, Engineering and Math (STEM) to real-life situations. Make your own solutions to community problems, and learn about STEM careers using drones, straws, and anything we can get our hands on to make STEM come alive! This class provides the opportunity for project competition.
- **Theater** - taught by John Biscello - **Wednesdays 12:30-4:00**. Enter the marvelous multi-verse of acting and drama, and bring to life the characters that live inside you. Through a variety of dramatic games, exercises, improv and movement, develop your performing skills while working with an ensemble in staging skits, scenes and short plays. A range of styles and genres, from comedy, tragedy, mystery, sci-fi, satire, and more, will be the mash-up ingredients in our creation of live theater.....all you need to bring is a sense of play and the spirit of imagination.
